**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am aware that certain large internet providers are pushing for more deregulation under the current proposals you are about to consider. I consider internet services as a public utility, and in my experience, deregulation in this area only adds to higher costs and more inefficiency of delivering adequate services to the majority of consumers. I vehemently oppose such proposals by the large internet providers who are pushing for this latest round of deregulation in order to bolster their excessive wealth and favoritism toward their investors.
